

Waste Hauling RFP

Addendum #4

May 18th, 2023

Questions as of 10:30 PM on Thursday, May 18th.

1. Can the default level one service provision be clarified?
 - a. The default level of service as described in the RFP is correct. It is 96 gallons weekly trash and 18 gallons biweekly recycle.

2. Is there an ordinance that dictates house hold trash pickup and authorized methods/providers?
 - a. Yes, the City has an existing trash ordinance that will need to be updated as a new contract is signed. Section 3 of the trash ordinance will have to be updated to reflect the new process and provider. The City cannot restrict the removal of household trash by owners/occupants outside of the corporate City Limits. The link to the existing ordinance is:

<https://cityofmunising.org/wp-content/uploads/garbageord.pdf>

3. How many square miles is the City?
4. The City in whole is roughly 9 square miles in whole of which 5.36 square miles is land.
